PARKING: As of this date, it looks like the parking problem has not been resolved for the VFW. I have been told that we may park in the Church lot across the street. It should be fine for now, but if we ever get some significant rain that grass area will turn into mud.

ELECTIONS Results:

New Officers are: Tom McKenzie, Vice Commodore. John Gonzales, Secretary.

Board members, John Valensuela and Rick Tietz.

RENEWALS- It's time to start thinking about membership renewal in June! I plan on mailing out another newsletter in May that will have the renewal form on the back with all of the information that you will need to renew for next year. There is no general club meeting on June 11. Instead we have the first renewal session that afternoon / evening starting at 4pm and will continue until 8pm.

If you can not make it to one of the renewals you can contact a club officer to make other arrangements. (Renewal dates are: Tues. June 11, Thurs.20, & Sat.22)

NEW MEMBERS, FYI: there are only two more meetings to get the two credits you need to renew your membership for next year. (April 9th and May 14th .) You must sign in !

CLUB PICNIC- Our annual Club Picnic is scheduled for Saturday May 18th from 11am until 3pm at the port. We will have chicken, ribs, salad, beans and more. Sodas and water will be provided. There will be music and a raffle. Bring the family. We are only planning to prepare enough food for the number of people that are signed up. You can sign up for the picnic at a meeting or call Gene at 916-991-3415 if you are going to attend.

PORT GUIDELINES- Have not received the new guidelines from the Port yet! So I guess that we should go by the present set that are on our website until they adopt some new ones. That's: No fishing under the docks and keep a minimum of 100 feet away from any ships or Port docks.

SWAP MEETS- It has been suggested that we have a couple of swap meets this year. The first one is on Wednesday, April the 17th. That is at the same time and day of our third Wednesday BBQ at the Port. (4pm to 6pm) Bring you're fishing related equipment and gear for sale or trade. If this works out then we could have another one at the September 18th Wednesday evening BBQ.

FOR SALE- Alumacraft model T14S. Boat, motor, trailer, seats and more, Call Dan at 247-4723 for info. \$ 1300

FISHING REPORT-Striper fishing has been up and down lately. One day its good and the next not even a bite. The water temperature has been down to the high forty's. Perch fishing in Tamales Bay has been really good, with lots of Striped and some Rubberlip.

The Wrong Way To Lock The Gate

LOCKING OUR GATE !!!

We have received some complaints from the other Clubs that our gate IS NOT being locked properly!
DO NOT WRAP THE CHAIN AROUND THE SMALLER WALK-IN GATE OR ATTACH THE LOCK IN ANY WAY TO THE OTHER LOCKING PARTS OF THE SMALL GATE!

Each of the clubs that use the peninsula have their own lock on the gate that they use to access the property.
